## **Budgeting and Personal Finance Resources**

A written, monthly budget is a financial planning tool that allows you to plan how much you will spend or save each month. It also allows you to track your spending habits. Though making a budget may not sound like the most exciting activity (and for some, it's downright scary), it's an important part of keeping your financial house in order.

## **Step-By-Step Guide to Make a Personal Budget**

Budgeting lies at the foundation of every financial plan. It doesn't matter if you're living paycheck to paycheck or earning six-figures a year, you need to know where your money is going if you want to have a handle on your finances.

## **Basic Budgeting Tips Everyone Should Know**

A personal or household budget is an itemized list of expected income and expenses that helps you to plan for how your money will be spent or saved, as well as track your actual spending habits. The word budget may have taken on a slightly negative connotation over the years, invoking an image of pinching pennies or limited spending.
