Created for American Enterprise exhibition Underwood #5 typewriter, 1914 Big companies needed office workers to process correspondence, memos, and many sorts of paperwork. Increasingly women, with little chance of advancement, replaced men as clerks.

Big Business | National Museum of American History

Even before academic studies began, Americans were enthralled by the Robber baron debate. As the United States industrialized very rapidly after the Civil War, a few hundred prominent men made large fortunes by building and controlling major industries, such as railroads, shipping, steel, mining and banking. Yet the newer who gathered the most attention was railroader Cornelius Vanderbilt.
