Sadako Yamamura (山本 貞子), also known as Park Eun-suh and Samara Morgan, is the main antagonist of Koji Suzuki's Ring novel series and the film franchise of the same name. Her name combines the Japanese words for "chaste" (sada) and "child" (ko). Sadako's fictional history alternates between continuities, but all depict her as the vengeful ghost of a psychic who was murdered and thrown ...

One type of open rifle sight is called a ghost ring sight, which is a two-part sight that hunters often use. The sight includes a circle-shaped aperture called a ghost ring that is affixed to the top of the gun near the stock. The other part of the sight is a post that is located near the part of the rifle from where the bullet is fired.

The ghost ring peep sight performs the same function but takes the diameter of the opening in the opposite direction. The opening in the center of the ring is often as large as $\frac{1}{4}$ inch, which promotes speed and seeing the target well even at dawn and dusk - or in the middle of the night in a home defense situation.

How A Ghost Ring Peep Sight Works - Beretta

Aperture sights, also known as "peep sights", range from the "ghost ring" sight, whose thin ring blurs to near invisibility (hence "ghost"), to target aperture sights that use large disks or other occluders with pinhole-sized apertures. In general, the thicker the ring, the more precise the sight, and the thinner the ring, the faster the sight.
