Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

HTML5 Games Most Wanted (eBook, 2012) [WorldCat.org]

Search Tips. Phrase Searching You can use double quotes to search for a series of words in a particular order. For example, "World war II" (with quotes) will give more precise results than World war II (without quotes). Wildcard Searching If you want to search for multiple variations of a word, you can substitute a special symbol (called a "wildcard") for one or more letters.

HTML5 Games Most Wanted pdf epub mobi txt 00 - 00000000

HTML5 is a technology to build browser games. This means that HTML5 games do not necessarily share a common theme or gameplay. They are simply all built with the same technology, using HTML5 game development frameworks such as Phaser and Pixi.js. HTML5 is the successor of Flash. Its Canvas element powers most of these games!
