Service Manuals
The Marconi Company was a British telecommunications and engineering company that did business under that name from 1963 to 1987. It was derived from earlier variations in the name and incorporation, spanning a period from its inception in 1897 until 2006, during which time it underwent numerous changes, mergers and acquisitions.

Marconi Electronic Systems (MES), or GEC-Marconi as it was until 1998, was the defence arm of The General Electric Company (GEC). It was demerged from GEC and bought by British Aerospace (BAe) on 30 November 1999 to form BAE Systems.GEC then renamed itself Marconi plc.. MES exists today as BAE Systems Electronics Limited, a subsidiary of BAE Systems, but the assets were rearranged elsewhere ...

Acquisition of United Wireless. At the time of the formation of the United Wireless Telegraph Company in late 1906, American DeForest president Abraham White claimed that the new company would be a grand merger between his company and British Marconi plus the Marconi subsidiaries. American Marconi president Griggs quickly and "absolutely and unequivocally" denied White's claim, and further ...

explained on this issue later. Data acquisition occurs independently of data transfer. There are situations where you can have very fast data acquisition, but a slow data transfer rate could be slowing the overall speed of the system. More on this topic is explained later. 3 The computer executes a command such as the HP BASIC TRANSFER command.
