Gian Vittorio Caprara (Author of Personality)

A personality test is a questionnaire or other standardized instrument designed to reveal aspects of an individual's character or psychological makeup. Murray's system of needs directly influenced the development of a

variety of personality measures, including the Personality Research Form and the Jackson Personality Inventory .

Murray's system of needs - Wikipedia

Students in this course will compare and contrast themes in social, personality, and developmental psychology as these branches of psychology inform their program goals. We will pay particular attention to how scholars study issues of social change, growth, and transformation in educational settings. Topics
