Been a ham for 46 years, I only use Shure 444 and early 450 Mics. I have one modern radio (IC7200) and loads of older rigs..they always sound great. The 450 has a dual impedance element - set it to low, straight into the 7200 with an isolation cap, sounds great.

Here is my review of the ≈US\$100 Samson Satellite multi-pattern electret condenser iOS/iPadOS/USB microphone with ≈US\$7 Aoeko attachable pop filter. This is also a comparison with Samson's headless Q2U with the Shure presidential A81WS, which I already reviewed previously and have continued to use extensively when out of the studio.
