The Genius Of Birds

The Genius of Birds is about behaviors, patterns, reversal learning, which bird is the "world's dumbest"—yes, it has an offering for that, but not the author's (and I cracked up at that part!!!), the importance of studying birds in their natural environment to learn more and better understand them, and plenty more.

Amazon.com: The Genius of Birds (0781349110000): Ackerman ...

The Genius of Birds is a striking book in many ways, from the gorgeous cover, to the facts and information that Ackerman conveys to the reader, to the whole new way the reader will look at and appreciate birds after reading this excellent book. The author begins by defining the many ways intelligence or genius is manifested in birds, the difficulties scientists encounter in measuring it, and then goes on to write about some of the incredible things that birds are capable of.

The Genius of Birds — Jennifer Ackerman

The Genius of Birds highlights new findings and discoveries in the field of bird intelligence. The book explores birds as thinkers (contrary to the cliché " bird brain ") in the context of observed behavior in the wild and brings to it the scientific findings from lab and field research.

The Genius of Birds - Wikipedia

Crows and other corvids have gotten all the good publicity related to bird intelligence in recent years, but Ackerman, who does allow that some birds are brighter than others, points favorably to the much-despised pigeon as an animal that "can remember hundreds of different objects for long periods of time, discriminate between different painting styles, and figure out where it's going, even when displaced from familiar territory by hundreds of miles."

THE GENIUS OF BIRDS | Kirkus Reviews

5.0 out of 5 stars Flight: The Genius of Birds - a great movie. Reviewed in the United States on April 11, 2015. Verified Purchase. This is a terrific movie. I previewed it, then showed it to my pre-teen Sunday School class. When I was setting it up to run, one of the children said "Boring!", and turned his head away, but within a minute or so ...
